

EMERSON ROSE
HEART FOUNDATION®

**ANNUAL
REPORT
2023**

NOTE FROM OUR DIRECTOR

Each year I have served with the ERHF® has brought new and wonderful blessings, heart-moving stories, and opportunities to grow and learn how God is moving in our little organization and each of our lives. 2023 has proven to be a continuation of growth in these ways.

The blessing comes from witnessing these inspiring Congenital Heart Defect (CHD) warriors heroically battle their heart defects and their families' sacrifice to care for them.

God is no doubt moving in our midst. Our job is to join in what He is doing to reach the heart community with the love and hope of His Son, Jesus.

You will see in this report the impact our little organization has made because of our God-given opportunity to serve these families in their deepest need because of your generosity. Please consider helping us end the year with a bang as we raise more funds to make an impact in 2024!
